

Day 15- Theme: Patience

Opening Prayer: *Come Holy Spirit and guide me on this adventure with you. Grant me the patience I need to live every day the best way that I can. Amen!*

-Say 1 Our Father

Scripture: **"Finishing is better than starting. Patience is better than pride."**
Ecclesiastes 7:8-9

Reflection: Have you ever started something you didn't finish? A model airplane, a Lego project, a puzzle, a drawing, school work or maybe a bird house! We must always remember that before we start a project we need to ask ourselves whether or not we have what it takes to complete it. Once we commit to a project we need to pray for the patience to complete it and for the strength to finish it knowing we did the best that we could. Patience is not rushing through it just to get it done but persevering at a steady and confident pace.

Saint of the day: **-St. Joseph...**

you patiently went about completing the wood work you were called to do. Doing the best you could your projects came out looking beautiful and skillfully planned out. Pray for me that I may have the patience to complete whatever I am working on.

Challenge of the day: ***Finish a project you had started a while back!***

Closing Prayer: *Lord, give me the patience I need in every area of my life, from my projects to waiting in line at school. Help me to be a patient person during my day.*

Say 3 Hail Mary's.

Amen!
